'Free Wine!' - A Natural Wine Bar

Free wine from what is expected, from what is fashionable, from big business, from what has been & from what is old-hat.

Our collection of wine aims to be great. Great wines to drink, great to talk about, important expressions of where they are made, what they are made of and who made them. Our friends: some new, some old.

Some of the wines represented on this list are old friends, they are wines we will continue to love as we watch their evolution.

Some of the wines on our list our new friends, slightly edgy & off-piste, wines that propel us into the future.

There is something interesting to say about every wine on this list & in turn, each wine has something interesting to say back.

Salute

## EMIDIO PEPE

Emidio Pepe founded the family estate in 1964 after working alongside his father & grandfather at 'Casa Pepe', a co-op selling grapes from 1889.

The estate was created to give a clear voice to the grapes of Trebbiano & Montepulciano d'Abruzzo. Pepe believed in his ability, the land & his indigenous varieties to create something incredibly beautiful, unique & age-able. He wanted to prove how amazing these grapes could actually be — not just to Italians but to the world!

Pepe is a precise & yet intuitive winemaker with over fifty years of practice taking his cues from nature - but these days he also has a little help as the Pepe estate is very much a family run operation. Although Emidio continues to look over his vineyards from pruning to harvest, he is accompanied by his two daughters Sofia & Daniela & granddaughter Chiara.

His once single hectare of vines now stands at seventeen & he sees himself as the gentle 'custodian of his terrior'. Over the decades, he has cared for & protected his soil, vines & wines from persuasive chemical treatments, zippy new machinery that always needs updating, quick-fixes & homogenisation. Instead, he has chosen to focus on the wisdom of tradition and an authenticity of grape & place.

Below we have a selection of Emidio's wines spanning back to the early eighties. These wines are incredible time capsules that tell a story and chart a trajectory of a one-of-a-kind winemaker who has built something very remarkable. They are bottles that are not just full of wine but full of history.
