Free Wine

Free Wine - from what is expected, from what is fashionable, from big business, from what has been & from what is old-hat.

Our collection of wine aims to be great. Great wines to drink, great to talk about, important expressions of where they are made, what they are made of and who made them. Our friends: some new, some old.

Some of the wines represented on this list are old friends, they are wines we will continue to love as we watch their evolution.

Some of the wines on our list our new friends, slightly edgy and off-piste, wines that propel us into the future.

There is something interesting to say about every wine on this list and, in turn, each wine has something interesting to say back.

PAOLO & GIAMPIERO BEA & THE NUNS OF MONASTERO VITORCHIANO

The Bea family have been a part of the country-side of Montefalco since the 1500s and their family is very important to the Italian Natural Wine landscape. Bea are founding members of the *Vini Veri* an organisation at the crest of the wave of the Natural wine renaissance in Italy twenty-odd years ago.

The *Vini Veri*, is community of winemakers who have resolved to 'seek the best balance between human action and the cycles of nature'. Bea, Radikon, Masa Vecchia and Andiolino Maule are some of the giants of *Vini Veri*.

So what about the Trappist Nuns in Lazio?

Well, Giampiero lends his guidance to eighty or so woman of the The Convent of Vittorichiano. It is a belief shared by Giampiero and the woman of the Convent that wine requires a respect for nature and also, a little faith.
