There are two options for selecting your drinks:

1. 10 William St Drinks pre-selection – together with our wine team, plan a customized, concise selection of wines and other drinks available to all guests on the evening. For example, one sparkling wine, one white wine, one rose, one light red and one heavy red. This selection can be tailored to your taste, preferences and budget. If you would like to go with this option please get in touch with us 2 weeks prior your event.
2. Order on the night – you and your guests are welcome to order from our comprehensive drinks list directly with our wait staff on the night. Please note that we work with small and natural producers so quantity sometimes can be limited.
