'Free Wine!' - A Natural Wine Bar

Free wine from what is expected, from what is fashionable, from big business, from what has been & from what is old-hat.

Our collection of wine aims to be great. Great wines to drink, great to talk about, important expressions of where they are made, what they are made of and who made them. Our friends: some new, some old.

Some of the wines represented on this list are old friends, they are wines we will continue to love as we watch their evolution.

Some of the wines on our list our new friends, slightly edgy & off-piste, wines that propel us into the future.

There is something interesting to say about every wine on this list & in turn, each wine has something interesting to say back.

Salute

## **DOMAINE DE L'OCTAVIN, JURA FRANCE**

"A grape at ease with itself is a wine at ease in its bottle"

Alice Bouvot farms her tiny, incredibly picturesque, 3.7 hectares of vines around Arbois Biodynamically.

After technical viticulture and oenology training in Burgundy, Bordeaux and the Southern Hemisphere, Alice decided to move home to the Jura and at 30 years old, chose a path that would ultimately lead her to grow and make living wines, full of emotion.

As well as her own impeccably farmed vineyards, she buys fruit from like-minded friends both in the Jura and further-afar. With the negociant wines, just like with her own, Alice's team harvest the fruit themselves by hand and the wine is vinified in Alice's cellar.

Alice strongly believes in limiting human intervention as much as possible so as not to change the inherent character of the fruit, so nothing is added and nothing is removed from the wine, including SO2 or even any temperature control.

We have been holding onto these extremely rare wines from Domaine de l'Octavin for you to enjoy.
